

Eagle Riders Financial Reporting

Eagle Riders Groups are established as Groups within a Club.

The Eagle Riders Groups must keep their books in accordance with the Aerie's books and must provide the financial information to the Aerie on a routine basis. The Aerie will incorporate the information into their financial reporting for the accounting and tax purposes. (Routine can be defined by the Aerie and Eagle Rider Groups as monthly or quarterly, depending on the reporting parameters of the Aerie.)

There is no other option for reporting for the IRS purpose. The Aeries are established under the umbrella of the FOE 501(c)8 non-profit determination and registered as part of the Grand Aerie "Group". Eagle Riders Groups fall under the Aeries in the IRS hierarchy.

An Eagle Riders Group may get an IRS TAX ID number for Banking Purpose Only so that they may have banking accounts with the Eagle Rider Officers as the signers.

This must be done to keep in-compliance with the IRS. I hope you find this information helpful. Please let me know if you have any questions.
